

# Team SGCC

**About the Team:** Hello, we're team SGCC. Our team is made up of seven members: Zach Peters, Max Kraft, Brandon Longton, Kieran McCabe, George Blaney, Nate Boulanger and Jim Rettler. We are all juniors at Preble High School. This is our first car, but our third year of engineering. We are proud to be sponsored by Mr. Jim Woodsmall and Sugar Grove Custom Cars. We also had very generous donations from Briggs and Stratton and Wisconsin Public Service.

**Our First Two Weeks:** As our first two weeks of work are coming to an end, we look back and see what we have accomplished. We wrote our letter to Sugar Grove Custom Cars for sponsorship and our sponsorship letter was accepted. We received our donated Briggs and Stratton Vanguard 16hp V-twin engine. We began disassembling the throttle. We started assembling the car on Autodesk Inventor, and we began research on necessary parts for the car.

**Upcoming Two Weeks:** During these next two weeks, we plan on ordering our parts and begin constructing the car.
